VALUATION REPORT ON PRUDENTIAL PENSIONS LIMITED

Valuation Report as at 31 December 2009

1. Introduction

- (1) The investigation relates to 31 December 2009.
- (2) The previous investigation related to 31 December 2008.
- (3) No interim valuations have been carried out for the purposes of rule 9.4 since 31 December 2008.

2. Product range

There were no significant changes in products during 2009.

3. Discretionary charges and benefits

- (1) Not applicable.
- (2) Not applicable.
- (3) Not applicable.
- (4) The annual management charge for investments in the following funds has changed. Otherwise there have been no changes to service charges on linked policies.

Fund Charge	31 December 2009 bps	31 December 2008 bps
MPP3 Retirement Protection	20.0	10.0

- (5) There have been no changes to benefit charges on linked policies.
- (6) Not applicable.

(7)

(a) The creation price is the cash cost of purchasing an identical portfolio of assets to that in the unit fund including all the costs that would be incurred in purchasing such assets, divided by the number of units in existence.

The cancellation price is the cash amount for which the assets of the unit fund can be sold net of all costs that would be incurred in disposing of the assets, divided by the number of units in existence.

Appendix 9.4 (continued)

Specific points for each of the groups of internal linked funds are as follows:

GILP Funds

The "Single Swinging Pricing" approach is used. If the net cashflow on the day is positive, all transactions are at the offer price. If the net cashflow on the day is negative, all transactions are at the cancellation (bid/bid) price. For Fund of Funds, the cash balance in the fund may also be taken into account when deciding upon the pricing basis.

Unit prices are calculated daily and transactions in these funds are carried out at the next available price (i.e. on a forward pricing basis). The valuation point of each fund is 9.00 p.m.

Series I, II, III & IV Funds

Series I, II, III & IV funds are mainly invested in the GILP Funds or funds managed by external companies such as Blackrock, Baillie Gifford, Newton and Schroders. The funds buy and sell units in the GILP funds at the prevailing daily swinging price.

A smoothed equity approach is taken to unit pricing. This is different to the approach adopted for GILP funds. Units are allocated to policyholders at the offer price and de-allocated at the bid price. When the trend in the number of units in a unit fund is believed to be upward, the bid price is the creation price. If the trend in the number of units is believed to be downward the bid price is the cancellation price. Where the trend is unclear or changing the bid price may be between the creation price and the cancellation price. The offer price is then set equal to the bid price plus the initial charge plus a rounding adjustment, not exceeding 0.1p (there is no initial charge for Series II, Series III and Series IV funds and so there is only a single price applied to policyholders).

Pru-Link Funds

The Pru-Link Managed Fund is wholly invested in units of the GILP Discretionary Fund. The Pru-Link Cash Fund is wholly invested in units of the GILP Cash Fund. The creation and cancellation prices are determined once a week by reference to the appropriate GILP price. Transactions are carried out at the next available price (i.e. on a forward pricing basis).

Pru-Link Funds buy and sell GILP units at the current GILP price. No further adjustments are made for buying or selling expenses.

Units are allocated to policyholders at the offer price and deallocated at the bid price. The Pru-link Cash fund price is based on the GILP Cash fund creation price. The Pru-link Managed fund price is based on the GILP Discretionary fund price and the bid price is currently based on the GILP cancellation price. The offer price is then set equal to the bid price plus the initial charge plus a rounding adjustment not exceeding 0.1p. (The initial charge was removed on 1 April 2001).

- (b) Unit pricing bases are determined at fund level, so all policies invested in the same fund have the same basis applied.
- (c) Not applicable.
- (8) Not applicable as the Company writes pension business only.

Appendix 9.4 (continued)

(9) Not applicable as the Company writes pension business only.

(10) Not applicable.

4. Valuation basis (other than for special reserves)

At 31 December 2009 the total gross mathematical reserves amounted to $\pounds 9,291m$. The lesser of $\pounds 10m$ and 1% of the total gross mathematical reserves was therefore equal to $\pounds 10.0m$.

(1) Non-linked and index-linked annuities in payment

The mathematical reserve for annuities in payment is the present value of future annuity payments, plus a provision for expenses.

Unit-linked deferred annuities and group pensions

The mathematical reserves for linked business consist of the unit liability together with a nonunit liability. A discounted cashflow method of valuation is used to determine the non-unit liability allowing for the value of future attributable expenses and renewal commission less the value of future management charges. An additional reserve for non-attributable expenses is calculated at a homogenous risk group level as described in section 6(6).

No allowance has been made for increasing fund management charges. However, the Company reserves the right to do so after the appropriate period of notice and to a level consistent with industry practice.

No reserve for tax on unrealised capital gains is required, as only pension business is written.

No reserve for investment performance guarantees is held, because the only investment performance guarantee is that the unit price of the Pru-Link Cash Fund will not go down. Units of this fund are invested in units of the GILP Cash Fund where the practice is to invest only in short term assets.

The unit liability has been obtained by valuing the units allocated to policyholders at the valuation unit price. This price is based on the bid price of the assets and includes investment income received.

Product code number	Product description	31 December 2009	31 December 2008
400	Annuity non-profit (CPA) – individual annuities in payment (reassurance ceded to Prudential Annuities Limited)	5.06%	5.78%
725	Individual pensions property linked	2.50%	2.50%
735	Group money purchase pensions property linked	2.50%	2.50%

(2)The interest rates used are as follows:

Appendix 9.4 (continued)

(3) Not applicable.

		PNFA00	PNFA00
	Expectation of life age 65	23.8 (M), 25.4 (F)	23.6 (M), 25.3 (F)
	Expectation of life age 75	14.4 (M), 16.2 (F)	14.3 (M), 16.1 (F)

Mortality bases used at 31 December 2008 and 31 December 2009

Annuities are generally valued using a percentage of the 00 series tables for annuitants and pensioners (normal retirements). In order to allow for mortality improvement, improvement factors are applied from 2001. For males these future improvement factors are in line with 100% of the CMI medium cohort projections, subject to future improvement factors not being less than 2.25% p.a. until age 90, tapering linearly to zero at age 120. For females, future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors are in line with 75% of the CMI medium cohort projections, subject to future improvement factors not being less than 1.25% p.a. until age 90, tapering linearly to zero at age 120.

(5) Not applicable.

Appendix 9.4 (continued)

Product code	Product	31 December	31 December
number	description	2009	2008
400	Annuity non-profit (CPA) – individual annuities in payment (reassurance ceded to Prudential Annuities Limited)	£21.54 p.a.	£19.60 p.a.
725	Individual pensions property linked	£21.20 p.a. per policy for premium-paying policies; £14.45 p.a. per policy for other policies; £82.86 per claim	£18.71 p.a. per policy for premium-paying policies; £12.75 p.a. per policy for other policies; £73.14 per claim
735	Group money purchase pensions property linked	GILP: £4,376,573 p.a. including £1,085 p.a. per scheme (having allowed for £1,004,515 p.a. of additional administration service charges) PIA: £62,604 p.a. including £163 p.a. per	GILP: £5,311,375 p.a. including £1,053 p.a. per scheme (having allowed for £730,805 p.a. of additional administration services charges) PIA: £55,255 p.a. including £144 p.a. per
		Reassurance from PACL: £650,568 p.a.	Reassurance from PACL: £537,709 p.a.

(6) The renewal expenses per annum used are described in the tables below:

Expense figures for UL policies are attributable expenses only.

Appendix 9.4 (continued)

(7) The unit growth rates (before management charges) and the inflation rates assumed for future expenses and the future increases in policy charges are as follows:

Product code number	Parameter	31 December 2009 %	31 December 2008 %
725 and 735	Unit fund growth rate	5.75%	5.00%
All products	Expense inflation rate	4.25%	3.50%
725 and 735	Policy charge inflation rate	Nil	Nil

- (8) Not applicable.
- (9) Not applicable.
- (10) There are no other material assumptions.
- (11) No derivatives were held outside of the internal linked funds.

Since the movement in linked assets would be offset by a corresponding change in the linked liability, no allowance is made for derivative contracts that were held inside of the internal linked funds.

Derivatives used in the internal linked funds were entered into only if they would have been reasonably likely to be exercised.

(12) There have been no changes made to the mathematical reserves at the current valuation date as a result of the changes to the INSPRU rules at 31 December 2006.

5. Options and guarantees

- (1) Not applicable.
- (2) Not applicable.
- (3) Not applicable.
- (4) Not applicable.

Appendix 9.4 (continued)

6. Expense reserves

(1)
· (-	/

Homogeneous risk group	omogeneous risk group Implicit		Explicit	Non –	Total
	allowances	allowances	allowances	attributable	
		(investment)	(other)	expenses	
GILP	-	£9,370,640	£6,922,046	£1,603,238	£17,895,925
PIA	-	£11,060	£62,604	£16,762	£90,426
Prulink SP	-	£1,322	£1,662	£416	£3,399
Prulink RP	-	£49,390	£87,756	£21,939	£159,085
Total	-	£9,432,411	£7,074,069	£1,642,354	£18,148,835

- (2) Not applicable.
- (3) Maintenance expenses shown at line 14 of Form 43 are £17 million. These expenses are net of annual management charge income and hence are less than the total expense loadings expected to arise in 2010 as calculated in 6.(1).
- (4) For new business expected to be written in the twelve months following the valuation date, the income and outgo are projected on a prudent basis over the entire lifetime of the business and discounted to the valuation date. A reserve is held if the present value of the outgo exceeds the present value of income to the extent that the excess exceeds the projected surplus on prudent assumptions from existing business. No reserve is held at 31 December 2009.
- (5) In the first instance, expense reserves are calculated on the assumption that Prudential's UK insurance operations will continue to write new business indefinitely and hence that there will be no loss of economies of scale. In this scenario, the expense loadings for the remaining lifetime of the contracts in force at the valuation date are included in the reserves reported in Form 50.

In order to allow for the possibility that the firm will cease to write new business twelve months after the valuation date, the expense loading is recalculated on the assumption that, over a two year period, unit costs would be reduced by 15% and that thereafter loss of economies of scale would result in overall expenses being cut more slowly than the rate at which policies run off. If this revised calculation results in a higher reserve than described in the paragraph above, then the difference is held as an additional reserve. In addition the costs associated with closing to new business, such as redundancy costs or the costs of terminating management agreements, are estimated. To the extent that these costs exceed the projected surplus, on prudent assumptions, from existing business, a further additional reserve is held. At the valuation date an additional reserve of £643,442 is held for the impact of closing to new business.

Appendix 9.4 (continued)

(6) The additional reserve for non-attributable expenses at a homogenous risk group level is calculated as the present value of all futures expenses less charges, subject to a maximum of the non-attributable expenses for policies in that risk group. Any future valuation strain is removed at the homogenous risk group level. The additional reserves for non-attributable expenses at 31 December 2009 were as follows:

Homogeneous Risk Group	Homogeneous Risk Group Reserve
	(£000)
GILP	-
PIA	505
Prulink SP	-
Prulink RP/PUP	-
TOTAL	505

7. Mismatching reserves

- (1) and (2) All assets and liabilities are denominated in sterling. There is no currency mismatching.
- (3) There is no reserve for currency mismatching.
- (4) In accordance with INSPRU 3.1.16R, for the purposes of calculating the resilience capital requirement in INSPRU 3.1.10R the most onerous scenario is as follows (prior year in brackets):

Asset class	Scenario
Equities:	
Market values – UK and overseas (excl. US and	-20% (-10%)
euro zone)	
Market values – US	-25% (-10%)
Market values – euro zone	-25% (-10%)
Dividends	0% (0%)
Property:	
Market values	-10% (-10%)
Fixed interest:	
Yields – UK and overseas	+89 bps (+75 bps)
Index-linked real yields	+20% (+25%)

(5) Not applicable.

(6)

- (a) A Resilience Capital Requirement of £2,700,000 was held.
- (b) There was an increase of $\pounds 1,558,517$ in the aggregate amount of the long term liabilities.
- (c) The assets allocated to match such liabilities decreased in value by £1,140,002 from the amount of the assets shown in Form 13.
- (7) There is no reserve held under INSPRU 1.1.34R(2).

Appendix 9.4 (continued)

8. Other special reserves

Not applicable.

9. Reinsurance

- (1) No premiums were paid in 2009 in respect of reinsurance business ceded on a facultative basis to reinsurers not authorised to carry on business in the United Kingdom.
- (2) The reinsurance treaties shown in the table below meet the FSA criteria for being reported in this section and were in force as at 31 December 2009.

(d) Reinsurer	(e) Nature of cover	(f) Premium s £'000	(h) Open / Closed	(j) Reserves Ceded £'000	(k) Retention
Prudential Annuities Limited *	Immediate annuities which are wholly reassured on original terms. The reinsurer is a member of the Prudential group of companies and the business is covered by a pari passu charge on assets	Nil	Closed	82,216	Nil
Barclays Global Investors Pensions Management Ltd	Reinsurance of unit-linked pension liabilities of the Company arising in relation to reassurance of certain unit-linked pensions contracts issued by a member of the Prudential Group. The business is covered by a pari passu charge on assets.	203,225	Open	956,878	Nil

- (g) There were no deposit back arrangements under the above treaties.
- (i) There are no "undischarged obligations of the insurer". Premiums are only payable if the gross business remains in force.
- (1) The above reinsurers are authorised to carry on insurance business in the United Kingdom.
- (m) An asterisk denotes companies connected to the cedant (*)
- (n) In general the treaties are exposed to the credit risk of the reinsurers, against which a reserve is held.
- (o) The net liability includes no allowance for the refund of any reinsurance commission.
- (p) Not applicable.

Appendix 9.4 (continued)

10. Reversionary (or annual) bonus

- (1) Not applicable.
- (2) Not applicable.
- (3) Not applicable.
- (4) Not applicable.

Returns for the year ended 31 December 2009

Notes to the Returns

Form 2

0201 Waivers issued disapplying or modifying any of the provisions of the Accounts and Statement Rules in respect of long term insurance business.

There were no waivers issued disapplying or modifying any of the provisions of the Accounts and Statement Rules in respect of long term insurance business.

Form 3

Notes 1304 to 1306 apply to other than long term business fund.

1304 Statement on Set Off

Amounts due to or from the Company have been set off to the extent permitted by generally accepted accounting principles.

1305 Maximum Counterparty Limits

The maximum permitted exposure to any one counterparty has been set in accordance with the counterparty limits detailed in INSPRU 2.1.22. Therefore exposures to non-approved counterparties have been restricted to a maximum of 5% of the business amount. No counterparty exposure during the year exceeded these limits.

1306 Counterparty exposures at year end

There were counterparty exposures held at year end that were greater than 5% of the sum of the base capital resources requirements and long term insurance liabilities, excluding property linked liabilities and net of reinsurance ceded. These include cash on deposit with; Close Brothers Limited £8m and Deutsche Postbank AG £3.5m.

Notes to the Returns (continued)

Form 13

Notes 1308 to 1319 apply to long term business fund.

1308 Assets specified in IPRU(INS) Form 13 instruction 5.

The Company held no unlisted investments or listed investments that are not readily realisable.

1310 Statement on Set Off

Amounts due to or from the Company have been set off to the extent permitted by generally accepted accounting principles.

1312 Counterparty exposures at year end

There were counterparty exposures held at year end that were greater than 5% of the sum of the base capital resources requirements and long term insurance liabilities, excluding property linked liabilities and net of reinsurance ceded. These include cash on deposit with; Deutsche Postbank AG £5m, Banco Popolare Societa Cooperativa SCRL £5m, Fortis Bank N.V £5m, Norddeutsche Landesbank GZ £5m, Citibank N.A £5m and a cash balance of £6.2m with HSBC Bank.

1319 Maximum Counterparty Limits

The maximum permitted exposure to any one counterparty has been set in accordance with the counterparty limits detailed in INSPRU 2.1.22. Therefore exposures to non-approved counterparties have been restricted to a maximum of 5% of the business amount. No counterparty exposure during the year exceeded these limits.

Form 14

1401 Provision for adverse changes

No derivatives were held outside of the internally linked funds at any time during the year and therefore no provision for adverse changes is required.

- *1402* Uncertain and Potential Liabilities
 - a) In the normal course of business certain reinsurance liabilities were secured by a floating charge, ranking these liabilities equally with amounts due under unsecured direct (non-reassurance) policies, over the long term insurance assets of the Company. The amounts secured by charges of this nature and included in Form 14 Line 11 were £2,564.3m, £59.4m, £22.5m and £1.6m. The whole of the amount at Form 13 line 89 is subject to charge.
 - b) There were no potential capital gains tax liabilities at the year end.
 - c) There was one contingent loan, not in Form 14, at the year end repayable to a related group undertaking. The loan and interest on the loan is repayable out of the surplus emerging on its business and is contingent on surpluses arising, but can be repaid by the Company at any time. The value of this loan is £18,073k.

Notes to the Returns (continued)

Form 14 (continued)

1402 Uncertain and Potential Liabilities (continued)

The loan is repayable to the extent of a specified percentage of surplus of the Company, a repayment obligation crystallising on the last day of the Company's financial year and being discharged by application of funds on a date nominated by the Company (being prior to the last working day for submission of its regulatory returns for such financial year).

In accordance with their terms, the loans may be prepaid upon prior notice, and the repayment obligation discharged in whole or part.

- d) There were no guarantees, indemnities or other contractual commitments other than in the ordinary course of insurance business and in respect of related companies.
- e) Provision for claims outstanding: the Company has instigated a full review of its defined benefit payment processes and has set up a reasonable and prudent provision to cover the cost of performing the review and the cost of any contingent loss, if any, arising out of the review's findings. A provision of £366,000 is included on F14 line 15 (2008: £366,000).

1405 Other adjustments to liabilities

Included in line 74 are:

£'000
18,073
(21,498)
(3,425)

Form 15

1501 Provision for adverse changes

No derivatives were held by the other than long term fund at any time during the year and therefore no provision for adverse changes is required.

- *1502* Charges, potential tax liability, contingent liabilities, guarantees and fundamental uncertainties
 - a) There were no charges attributable to the other than long term business assets.
 - b) There was no potential tax liability arising in the other than long term fund at the year end.
 - c) There were no contingent liabilities at the year-end.
 - d) There are no guarantees, indemnities or other contractual commitments, effected other than in the ordinary course of insurance business, in respect of related companies.
 - e) There were no fundamental uncertainties at the year-end.

Notes to the Returns (continued)

Form 16

1601 Foreign Currencies

Foreign currency assets and liabilities are translated at year-end exchange rates. Foreign currency revenue transactions are translated at rates ruling at the transaction dates, except for accrued revenue items that are translated at year-end exchange rates.

<u>Form 17</u>

1700 Form 17 has been omitted, as no such contracts were used.

Form 40

4002 Other income represents a capital injection in the form of a contingent loan under the existing agreement with The Prudential Assurance Company Limited. The loan and interest on the loan is repayable out of the surplus emerging on its business and is contingent on surpluses arising, but can be repaid by the Company at any time. The loan has no repayment obligation during the first year.

The loan is repayable to the extent of a specified percentage of surplus of the Company, a repayment obligation crystallising on the last day of the Company's financial year and being discharged by application of funds on a date nominated by the Company (being prior to the last working day for submission of its regulatory returns for such financial year).

In accordance with their terms, the loans may be prepaid upon prior notice, and the repayment obligation discharged in whole or part.

4008 Provision of management services

The Company was provided throughout the year with day to day management services by The Prudential Assurance Company Limited (the immediate holding Company), and Prudential Property Investment Managers Limited, Prudential UK Services Limited, Prudential Distribution Limited, Prudential Services Limited and M&G Investment Management Limited, all group companies. The Company was further assisted during the year with day to day management services by The Bank of New York Mellon (International) Limited and State Street Bank & Trust Company, third parties.

4009 The Company has a reassurance agreement with a related Company, The Prudential Assurance Company Limited, in respect of linked premiums. Included in earned premiums for the year is an amount of £441m received under this reassurance agreement. The reassurance agreement was drawn up under normal commercial terms which reflect the level of business transacted with the Company.

Also included within claims incurred is an amount of $\pounds 161m$ arising from claims under this reassurance agreement and a claims recovery of $\pounds 7m$ received from a related Company, Prudential Annuities Limited.

The Company has a reassurance agreement with a related Company, Prudential Retirement Income Limited, in respect of annuities. No claims have been paid during the year under this reassurance agreement. The reassurance agreement was drawn up under normal commercial terms which reflect the level of business transacted with the Company.

A contingent loan of £18.0m is in place with a related group undertaking The Prudential Assurance Company Limited.

Notes to the Returns (continued)

Form 44

4401 Valuation of Linked Assets

Linked assets are valued at market value.

Investment properties, though, are independently valued each month on the basis of open market value in accordance with the RICS Appraisal and Valuation Manual. All the properties are currently valued by CB Richard Ellis Limited. Securities are valued at a bid-market price.

4402 Derivative Contracts

The value of rights under derivative contracts held by each internal linked fund was as follows. The figures are gross of variation margin and net of variation margin:

	Gross Assets £'000	Gross Liabilities £'000	Net Assets £'000	Net Liabilities £'000
International Bond	13,008	(12,723)	13,008	(12,723)

Form 47

4701 for code 735 there are 33 schemes.

Notes to the Returns (continued)

Form 48

4804 other assets

Included in Line 18 (Other assets) are:

	£000's
Assets producing income	31,346
Assets not producing income	9,651
	40,997

Form 53

5301 For product code 735 there are 423 schemes.

5305 Non-unit reserves

Certain expenses associated with managing a property portfolio have not been included in the renewal expense margins used in the calculation of the non-unit reserves. These expenses are deducted from the investment return credited to policyholders.

Financial year ended 31 December 2009

Directors' Certificate required by rule 9.34 of the Accounts and Statements Rules

We certify:

- 1. (a) that the return has been properly prepared in accordance with the requirements in IPRU(INS), GENPRU and INSPRU; and:
 - (b) we are satisfied that:
 - (i) throughout the financial year in question, the insurer has complied in all material respects with the requirements of SYSC and PRIN as well as the provisions of IPRU(INS), GENPRU and INSPRU; and
 - (ii) it is reasonable to believe that the insurer has continued so to comply subsequently, and will continue so to comply in future.
- 2. (a) that in our opinion, premiums for contracts entered into during the financial year and the resulting income earned are sufficient, under reasonable actuarial methods and assumptions, and taking into account the other financial resources of the insurer that are available for the purpose, to enable the insurer to meet its obligations in respect of those contracts and, in particular, to establish adequate mathematical reserves;
 - (b) that the sum of the mathematical reserves and the deposits received from reinsurers as shown in Form 14 constitute proper provision at the end of the financial year in question for the long-term insurance liabilities (including all liabilities arising from deposit back arrangements, but excluding other liabilities which had fallen due before the end of the financial year) including any increase in those liabilities arising from a distribution of surplus as a result of an actuarial investigation as at that date into the financial condition of the long-term insurance business;
 - (c) that we have, in preparing the return, taken and paid due regard to advice in preparing the return from every actuary appointed by the insurer to perform the actuarial function in accordance with SUP 4.3.13R.

Chief Executive

D J Belsham Director

K Nunn Director

26 March 2010

Report of the auditor to the Directors pursuant to rule 9.35 of IPRU(INS) the Interim Prudential Sourcebook for Insurers

PRUDENTIAL PENSIONS LIMITED

Financial year ended 31 December 2009

We have examined the following documents prepared by the company pursuant to the Accounts and Statements Rules set out in part I and part IV of chapter 9 to IPRU(INS) the Interim Prudential Sourcebook for Insurers, GENPRU the General Prudential Sourcebook and INSPRU the Insurance Prudential Sourcebook, ("the Rules") made by the Financial Services Authority under section 138 of the Financial Services and Markets Act 2000:

- Forms 2, 3, 13 to 16, 40 to 45, 48, 58 and 60 (including the supplementary notes) on pages 1 to 50;
- the statement required by IPRU(INS) rule 9.29 on page 54 ('the Statement');
- the valuation report required by rule IPRU(INS) 9.31(a) ('the valuation report').

We are not required to examine and do not express an opinion on:

- Forms 46, 47, 50 to 55 (including the supplementary notes) on pages 21 to 31 and pages 49 to 50;
- the statement required by IPRU(INS) rule 9.30 on page 55; and
- the certificate required by IPRU(INS) rule 9.34 on page 51 ('the certificate').

This report is made solely to the company's directors, as a body, in accordance with the requirements of IPRU(INS) rule 9.35. We acknowledge that the directors are required to submit this report to the FSA, to enable the FSA to verify that an auditor's report has been commissioned by the company's directors and issued in accordance with the requirements of IPRU(INS) rule 9.35 and to facilitate the discharge by the FSA of its regulatory functions in respect of the company, conferred on the FSA by or under the Financial Services and Markets Act 2000. Our audit work has been undertaken so that we might state to the company's directors, as a body those matters we are required to state to them in an auditor's report issued pursuant to IPRU(INS) rule 9.35 and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's directors as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of the company and its auditors

The company is responsible for the preparation of an annual return (including the Forms, the Statement, the valuation report, the forms and statement not examined by us and the certificate) under the provisions of the Rules. Under IPRU(INS) rule 9.11 the Forms, the Statement, valuation report, the forms and statement not examined by us and the certificate are required to be prepared in the manner specified by the Rules and to state fairly the information provided on the basis required by the Rules.

The methods and assumptions determined by the company and used to perform the actuarial investigation as set out in the valuation report, prepared in accordance with IPRU(INS) rule 9.31 are required to reflect appropriately the requirements of INSPRU 1.2.

It is our responsibility to form an independent opinion as to whether the Forms, the Statement and the valuation report meet these requirements, and to report our opinions to you. We also report to you if, in our opinion, the company has not kept proper accounting records or if we have not received all the information we require for our examination.

Report of the auditor to the Directors pursuant to rule 9.35 of IPRU(INS) the Interim Prudential Sourcebook for Insurers (continued)

PRUDENTIAL PENSIONS LIMITED

Basis of opinion

We conducted our work in accordance with Practice Note 20 "The audit of insurers in the United Kingdom (revised)" issued by the Auditing Practices Board. Our work included examination, on a test basis, of evidence relevant to the amounts and disclosures in the Forms, the Statement and the valuation report. The evidence included that previously obtained by us relating to the audit of the financial statements of the company for the financial year. It also included an assessment of the significant estimates and judgements made by the company in the preparation of the Forms, the Statement and the valuation report.

We planned and performed our work so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Forms, the Statement and the valuation report are free from material misstatement, whether caused by fraud or other irregularity or error, and comply with IPRU(INS) rule 9.11.

In accordance with rule IPRU(INS) 9.35(1A), to the extent that any document, Form, Statement, analysis or report to be examined under IPRU(INS) rule 9.35(1) contains amounts or information abstracted from the actuarial investigation performed pursuant to IPRU(INS) rule 9.4, we have obtained and paid due regard to advice from a suitably qualified actuary who is independent of the company.

Opinion

In our opinion:

- i) the Forms, the Statement and the valuation report fairly state the information provided on the basis required by the Rules and have been properly prepared in accordance with the provisions of those Rules; and
- ii) the methods and assumptions determined by the company and used to perform the actuarial investigation as set out in the valuation report prepared in accordance with IPRU(INS) rule 9.31 appropriately reflect the requirements of INSPRU 1.2.

Date 26 March 2010

Returns for the year ended 31 December 2009

Statement in accordance with Rule 9.29 of the Accounts and Statements Rules

a. Investment Guidelines

During 2009, investment guidelines allowed the use of derivative contracts in the GILP (and hence MPP) internal linked funds. The derivatives and use thereof was restricted to that permitted by Appendix 3.2 of the Accounts and Statements Rules. The use of derivatives was not permitted in the non-linked funds.

Derivatives are limited to: exchange traded warrants; exchange traded index or stock futures; forward currency contracts; partly paid shares; and convertible bonds. Derivatives must be listed or with an approved counterparty and must be capable of being readily closed out at a price the basis of which is pre-determined. Exchange traded index and stock futures must be based on underlying assets which are themselves permitted links.

b. **Derivatives where exercise is unlikely**

Derivatives used in the internal linked funds were entered into only if they would have been reasonably likely to be exercised.

c. Quantification of derivatives in (b) above

No such contracts were used by the Company.

h. Provisions for reasonably foreseeable variations arising from derivative contracts, rule INSPRU 3.2.17R

The only derivatives on Form 13, relate to property linked assets and are included on line 59 of Form 13, which would not change in value.

The Company would not be exposed to any fluctuation in asset values.

i. Consideration received for granting rights under derivative contracts

The investment guidelines did not allow the writing of options.

Returns for the year ended Financial Year ended 31 December 2009

Rule 9.30 Statement on Shareholder Controllers

The following companies were shareholder controllers of Prudential Pensions Limited for the year: The Prudential Assurance Company Limited holding 100% of its issued share capital and voting power throughout the year; and Prudential plc, being the ultimate holding company, holding 100% of the issued share capital and voting power of The Prudential Assurance Company Limited throughout the year.
