PRUDENTIAL ASSURANCE COMPANY

LIMITED

EIGHTY-FIFTH ANNUAL REPORT

For the Year ending 31st December, 1933

THE DIRECTORS have the honour to submit their Report and Accounts for 1933.

The Assets of the Company now amount to £277,472,181, as compared with £263,694,842 a year ago, i.e., an increase of £13,777,339.

The Income from all sources during 1933 was £50,191,265, as compared with £48,685,145 in 1932, i.e., an increase of £1,506,120.

The Surplus arising from the Life Business, including the sum of £499,548 brought forward and £18,495 aggregated with the surplus for 1932, is £9,498,953, which has been allocated as follows:—

For bonuses to the Ordinary Branch and Indust Transferred to Profit and Loss account for		6,189,885
"A" shares	 	 1,125,000
Bonus to members of outdoor staff	 	 656,455
To the Special contingency fund	 	 458,333
To be carried forward	 	 1,069,280

Ordinary Branch.—The number of policies issued during the year was 82,350, assuring the sum of £21,507,483, and producing a new annual premium income of £1,204,132. In addition new sums assured amounting to £2,028,166 and producing an annual premium income of £97,386 have been written in connection with the Company's foreign re-assurance arrangements. Included in these new sums assured is £1,950,000 ceded by the Lebensversicherungs-Gesellschaft Phönix of Vienna. The total premiums received were £13,183,053

The number of life policies in force at the end of the year was 999,893, assuring with bonus £209,679,333 and producing a premium income of £11,357,461 per annum. In addition, sums assured amounting to £15,686,004 producing an annual premium income of £743,941 have been guaranteed by the Company under foreign re-assurance arrangements. Included in these sums assured is £15,001,000 ceded by the Lebensversicherungs-Gesellschaft Phönix of Vienna.

The immediate annuities payable were 7,534 in number, and amounted to £485,265 per annum. In addition there were 2,549 deferred and contingent annuities, securing £167,838 per annum by an annual premium income of £31,971.

The total claims for the year, including £236,054 in respect of foreign re-assurances, amounted to £10,075,049. In respect of direct business there were 11,010 death claims for sums assured, including bonuses, of £2,589,731 and 48,894 matured endowment assurances for sums assured, including bonuses, of £7,249,264.

Industrial Branch.—The premiums received during the year were £19,514,073, being an increase of £380,711 over those for 1932.

Policies in this Branch automatically become free policies on cessation of premiums provided that these have been paid for not less than one year.

The number of policies becoming free policies during the year was 462,282, the number in force being 4,329,531. The number of free policies which became claims was 392,506.

The total number of policies in force in this Branch at the end of the year was 26,810,118, under which the maximum sum assured together with declared bonus was £520,023,087 producing an annual premium income of £20,219,082. The average duration of the whole life premium paying policies in force exceeds 18 years.

The sum of £12,440,451 under 1,421,943 policies was paid during the year on claims by death or maturity or in respect of surrenders. The number of endowment assurance policies which matured was 131,117.

General Branch.—The premiums received during the year, after deduction of the re-insurances, were \$22,720,719, being an increase of £583,164 in sections other than Marine and a decrease of £17,288 in the Marine, thus giving a net increase of £565,876 over those for 1932.

The capital sum insured under Sinking Fund policies is £9,599,072 as compared with £8,951,375 in 1932, i.e., an increase of £647,697.

In the General Branch the Company undertake duties as Trustees in respect of issues of Debentures and Debenture Stocks, and as Trustees and Executors of estates. The total amount of such Debentures, Debenture Stocks and Estates at the end of the year was approximately £35,000,000.

The Valuation has been made by Mr. F. P. Symmons, F.I.A.

In the Ordinary Branch, with the exceptions noted hereunder, the assurances have been valued by the British Offices' O^M Table of Mortality with interest at 3 per cent. In respect of business written under our re-assurance treaties with the Lebensversicherungs-Gesellschaft Phönix of Vienna and the Towarzstwo Ubezpieczeń Przezorność of Warsaw the full net premium reserves according to the Austro-Hungarian Males (1876–1900) aggregate table have been retained. A rate of interest of 4 per cent. has been assumed in the valuation, such rate being less than that guaranteed by the ceding companies in respect of the reserves held abroad under these treaties. The British Offices' Life Annuity Tables 1893, with interest at 3 per cent., have been used as heretofore for the annuities, the reserves being specially strengthened by assuming all annuitants to be select lives.

In the Industrial Branch the valuation was made on the same mortality and interest basis as last year, namely the English Life Tables (No. 8), with interest at 3 per cent.

In both branches net premiums only have been valued.

This

In the General Branch the surplus shown is £401,880, including the sum of £194,988 brought forward from last year. This surplus has been allocated as follows:—

F		æ
To the strengthening of reserves		66,522
Transferred to Profit and Loss account for Income Tax		26,500
Transferred to Profit and Loss account for dividends to holders	of	
"A" shares and "B" shares		100,000
To be carried forward		208,858

In the Ordinary Branch the surplus shown is £3,189,189, including the sum of £258,140 brought forward from last year.

s surplus has been allocated as follows:—	£
For bonus to participating policyholders	2,375,306
Transferred to the Industrial Branch revenue account for allocation in	
accordance with the Articles of Association	262,556
To be carried forward	551,327

The above stated amount of £2,375,306 is sufficient to provide in respect of participating policies which were in force on 31st December, 1933, a reversionary bonus of £2 per cent. of the original participating sums assured under Endowment Assurance policies and £2 6s. per cent. of the original participating sums assured under Whole Life Assurance policies.

In the Industrial Branch the surplus shown is £6,309,764, including the sum of £241,408 brought forward from last year and £18,495 aggregated with the surplus for 1932. This surplus, together with the sum of £262,556 transferred from the Ordinary Branch revenue account, has been allocated as follows:—

For bonus to participating policyholders Transferred to Profit and Loss account for dividend and bon	us to	£ 3,814,579
holders of "A" shares		1,125,000
Bonus to members of outdoor staff		656,455
To the Special contingency fund	•-•	458,333
To be carried forward	• •	517,953

The Directors have decided that the following allotments shall be made :-

- (1) In the case of all participating policies issued out of the Industrial Branch on and after 1st January, 1903, on which premiums were being paid on 31st December, 1933 (except those in the Irish Free State) there shall be added to the original sums assured at death or maturity of endowment a Reversionary Bonus as follows:—
 - (a) Where the policy was issued before 1933 a Reversionary Bonus of £1 10s. per cent. as on the 1st January, 1934.
 - (b) Where the policy was issued in 1933 a Reversionary Bonus of £1 10s. per cent. on completion of payment of one year's premiums.
- (2) In the case of policies issued out of the Industrial Branch during the years 1889 to 1902 inclusive, on which premiums are being paid on 8th March, 1934 (except those in the Irish Free State) and which are entitled to participate under the Bonus Distribution Scheme, there shall be added on 9th March, 1934, to the original sums assured at death or maturity of endowment a Reversionary Bonus as follows:—

P	olicies i	ssued i	in year				Reversionary Bonus on the original sums assured.
1889—1893 1894—1898 1899—1902	•••	••	••	•••	••	• •	£30 per cent. £25 , , , £20 ,, ,

The bonus on these policies is now made a Reversionary addition to the sum assured. This bonus is inclusive of and not in addition to that declared in March, 1933, in respect of such policies. In any case in which the bonus which but for this declaration would have been payable is greater than the reversionary bonus now declared, or than such reversionary bonus with any subsequent additions thereto, the difference will also be payable. The Directors anticipate that in the near future they will be able to bring policies issued out of the Industrial Branch before 1st January, 1889 (except those in the Irish Free State), under the Reversionary Bonus method. In the meanwhile in the case of these policies issued before 1st January, 1889, on which premiums are being paid on the 8th March, 1934, and which become claims by death or maturity of endowment between 9th March, 1934, and 10th March, 1949, both dates inclusive, there will continue to be paid as part of the claim a bonus addition to the sum otherwise payable as follows:—

				Pre	mi	ums paic	l for						of claimed by

1902 inate) and h March, llows:—

In any n the rethereto, be able to rish Free ed before ne claims th dates otherwise

In the case of all participating policies in the Irish Free State issued out of the Industrial Branch on and after 1st January, 1923, on which premiums were being paid on 31st December, 1933, there shall be added to the original sums assured at death or maturity of endowment a Reversionary Bonus as follows:—

- (a) Where the policy was issued before 1933 a Reversionary Bonus of £1 10s. per cent, as on the 1st January, 1934.
- (b) Where the policy was issued in 1933 a Reversionary Bonus of £1 10s. per cent. on completion of payment of one year's premiums.

In the case of policies in the Irish Free State issued out of the Industrial Branch before 1st January, 1923, on which premiums are being paid on 8th March, 1934, and which are entitled to participate under the Bonus Distribution Scheme, becoming claims by death or maturity of endowment between 9th March, 1934, and 14th March, 1935, both dates inclusive, there will be paid as part of the claim a bonus addition to the sum otherwise payable as follows:—

				Pren	niu	ms paid	for					nt of claim eased by
			Less	than	30	years	,.		 	£17	5	0 per cent.
0	years	s and		than					 	£20	0	0 "
5	,,	,,	,,	,,	40	,,			 	£25	0	0 ,, ",
0	,,	,,	,,	,,	45	,,		٠.	 }	£30	0	0 ,, ,,
5	,,	,,	,,	,,	50	,,		٠.	 }	£35	0	0 ,, ,,
0	,,	,,	,,	,,	55	23		٠.	 	£40	0	0 ,, ,,
5	,,	,,	,,	"	60	"			 (£50	0	0 ,, ,,
0	,,	,,	,,	,,	65	,,			 (£60	0	0 ,, ,,
5	,,	,,	,,	,,	70	"			 }	£65	0	0 "
0	,,	,,		ards		• •			 {	£70	0	0 " "

In the Irish Free State the surplus is proportionately less: this necessitates the above variations in the rate of bonus for policies in the Irish Free State issued before 1st January, 1923.

The total amount which has been allotted under our profit-sharing scheme, since its initiation, by way of bonus to the Industrial Branch policyholders and outdoor staff is £41,342,531.

The important changes in the organisation of the work of the Industrial Branch (both at Chief Office and among the Superintendency and Agency Staff) have resulted in a continuous decrease in the rate of expense in this Branch. In 1920 the expense ratio was 40.5 per cent. of the premiums received. Since then the ratio has fallen each year and in 1933 was reduced to 23.87 per cent.

The Directors have decided to declare from the profits of 1933 a dividend at the rate of 10s. per "A" share payable by four quarterly instalments of 2s. 6d. each on the second Thursday in March, and the first Thursday in June, September and December, 1934, plus a bonus of 8s. and a dividend from the General Branch of 4td. per "A" share payable in March, 1934. They have also declared a dividend at the rate of 1s. 6d. per "B" share payable on the second Thursday in March, 1934. All the above amounts are payable free of Income Tax.

Pursuant to the Special Resolution passed at the Extraordinary General Meeting held on 16th February, 1933, the Ordinary Branch and Industrial Branch contingency funds set aside in the accounts for 1931 were distributed during 1933. The distribution was set out in full in the Directors' Report for 1932, but the transactions appear in the accounts for 1933.

The Directors have decided that the time is now opportune to recoup the Common contingency fund for the £350,000 transferred therefrom in 1922, to form a General Branch contingency fund, and have accordingly transferred the sum of £350,000 from the General Branch to the Common contingency fund. The Contingency fund therefore disappears from the General Branch Balance Sheet.

With regard to the £500,000 transferred from the Common contingency fund in 1927 to strengthen the Marine insurance fund an investigation into the financial condition of that part of the Marine insurance fund relating to business underwritten prior to our agreement with the St. Helen's Trust shows that the sum of £150,000 can safely be released and in consequence the Marine insurance fund has been reduced to £294,765. Further the sum of £350,000 has been transferred from the Special contingency fund to the Marine insurance fund and this sum, together with the £150,000 referred to above, has been transferred to the Common contingency fund, thus returning to the Common contingency fund the £500,000 transferred in 1927.

No sums are now due to the Common contingency fund from any of the Branches.

The retiring Directors are Sir George Lewis Barstow, K.C.B., Sir Laurence Nunns Guillemard, C.M.G., K.C.B., and Lt.-Col. Percy Lester Reid, O.B.E., who offer themselves for re-election.

The Honourable Bernard Francis Rollo and Mr. Henry Rogers Gray offer themselves for selection as Auditors.

Messrs. Deloitte, Plender, Griffiths & Co. have examined the securities, and their certificate is prended to the balance sheet.

EDGAR HORNE,

Chairman.

olborn Bars,

Note.—Gross amount of the Directors' remuneration for the year, £36,169 17s. 6d.

£2,783,790 18 6

"A" Shares—This capital is liable in respect of contracts in all branches of the Company's business, but is included in the Industrial branch accounts pursuant to Sec. 3 of The Prudential Assurance Company Act, 1875.

Common contingency fund—In accordance with Clause 129 (b) of the Articles of Association this fund may be applied to any one or more branches, as determined by the Directors

Common contingency fund—In accordance with Clause 129 (b) of the Articles of Association this fund may be applied to any one or more branches, as determined by the Directors.

The values of the assets are determined, under the Articles of Association of the Company, by the Directors. The Stock Exchange securities have been valued at the middle market prices as at 31st December, 1933, and we certify that in our belief the Assets set forth in the Balance Sheet, are, in the aggregate, in excess of the value stated therein.

Dominion and foreign currency transactions during the year have been brought into the accounts at rates of exchange approximating on the average, to those current at the dates of the respective transactions. Possible adverse effects of future variations in the rates of exchange are covered by (a) assets in dominion and foreign currencies and (b) reserve and contingency funds.

Specific deposits of Life Assurance assets, Ordinary branch, have been made with the following Governments under local laws as security to holders of policies issued:—

Canada . . . £300.000 3½ % Conversion Loan

New Zealand £300.000 New Zealand 4½% Inscribed Stock 1948/58

and part of the assets (investments and cash) of the General branch has been deposited under local laws in places out of the United Kingdom on account of fire, accident and marine insurance business.

Certain stocks have been deposited with the Company as security for return of investments lent.

No part of any fund has been applied directly or indirectly for any purposes other than those of the class of business to which the fund is applicable. The profits or losses shown in the annual accounts of subsidiary companies made up to a date within the year ended 31st December, 1933, or in the last previous annual accounts which became available within that year have been dealt with as follows:—

Profits are included in this Company's Revenue accounts to the extent of the dividends declared.

Losses of two companies, amounting in the aggregate to £1

EDGAR HORNE, Chairman.

on the 31st December, 1933.

~~~~~							

We report that, with the assistance of the Chartered Accountants as stated below, we have examined the foregoing accounts and have obtained all the information and explanations that we have required and in our opinion such accounts are correct and the foregoing Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs according to the best of our information and the explanations given to us and as shown by the books of the Company.

No part of any fund has been applied directly or indirectly for any purposes other than those of the class of business to which the fund is applicable. We have investigated the methods of calculating and apportioning the expenses of management and the accounts thereof and in our opinion the accounts show a fair and equitable apportionment of the expenses between the Industrial and other branches of the Company's business.

> B. ROLLO, Auditors. H. R. GRAY,

P00021737

We have examined the receipts and payments relating to the capital transactions in respect of the mortgages, loans and i led 31st December, 1933. We have also examined the deeds, stock and share certificates and bonds in possession of the Company, and have verticed by certificates of Bankers or other Depositaries the securities and cash in their custody, which together represent the mortgages, loans, investments and cash set out in the above Balance Sheet as on the 31st December, 1933.
